

MOTION BY MAYOR MICHAEL D. ANTONOVICH

APRIL 11, 2006

The Internal Services Department has established contracts with several approved vendors for the manufacturing and duplication of such things as letterhead and business cards which bear County intellectual property. However, the existing contracts do not contain language informing the contractors that such things as the County seal or the Sheriff's Star are County intellectual property. To protect against misuse or abuse of manufacturing and/or duplication of County intellectual property, these vendors should be restricted to accepting requests made only by authorized purchasing agents of the County.

I, THEREFORE, MOVE that the Board of Supervisors direct the Director of the Internal Services Department to work with County Counsel to amend the County's existing contracts with vendors that manufacture and/or duplicate items bearing County intellectual property to prevent misuse or abuse of such property. The amendment should include language that informs vendors to restrict the use of County intellectual property exclusively to purchasing requests made by authorized purchasing agents of the County. The Director should also inform the Board of his actions and the proposed amendment in two weeks.
